Sponsorship Opportunities

Aug. 24-28, 2022
Camp Navarro, CA

dwebcamp.org

The DWeb network connects
people, projects and protocols
to build a decentralized web.

A web that is more private,
reliable, secure and open.

A web with many winners –
returning to the original
vision of the World Wide
Web and Internet.

→ getdweb.net

With 11 global nodes, DWeb is growing movement focused on building a better, decentralized web. Since 2016, we have been building bridges around the world, enabling diverse communities to exchange ideas freely about the technologies, markets, values and agreements we need to move forward.

"Our motivation for making those protocols and investing really heavily in making them better is that it gives us a better Web, a better basis of infrastructure for the whole Web, for us to build on, and to build new tools and new protocols in."

Matt Zumwalt
Protocol Labs

DWeb Camp 2022

In August 2022, our global network of volunteers will be producing DWeb Camp, five-day retreat set in a redwood forest near the Mendocino Coast of California.

DWeb Camp will bring together 500+ founders, technologists, Internet pioneers, global activists, artists, funders, policymakers and hackers to build deep connections across sectors.

"DWeb Camp – A nexus of knowledge, inspiration, and invention. Or, "Came for the talks, stayed for the Boochcraft"

Sean Baldwin-Stevenson

#DWebBLN

"We think of DWeb Camp as an experiment itself. It's an experiment in expanding our imagination about what the internet would look like if it were more inclusive, empowering, resilient, and fun."

Mai Ishikawa Sutton

#DWebSF

"DWeb Camp was an impressive fusion of highly technical engineers, developers, organizers, and artists. Such a diverse array of activities and dozens of projects came together to bridge culture, community, and open source technology from around the world."

Brandon D. Wallace

#DWebAustin

Following our successful [2019 DWeb Camp](#), [1000-person Decentralized Web Summit 2018](#) and [2016](#), this retreat will once again draw together builders and thought leaders from a wide spectrum of society, those who rarely meet at events centered on a single protocol.

We invite a globally diverse community of builders and dreamers to gather in nature to tackle the real world challenges facing the web and to co-create the decentralized technologies of the future.

Your sponsorship support goes directly to reducing some campers' fees, making it possible for a diverse range of participants to join in.

We also seek funding to support our Fellowship Program, underwriting the travel, visas, and camperships for leaders from underserved communities around the world to attend, contribute, and create a rich strand of workshops for all participants.

Camp support tiers

Venue Sponsor

Naming rights to either Library, Corral, Chapel, Huckleberry Hollow,
Firepit, or Main Stage.

Branding on DWeb Camp website (large)

Branding in Camp main stage (large)

\$50,000

Dedicated convening area (tea tent, outdoor circle, hackers hall)
where participants can come & meet you

Table in Testing Lab event

Lightning Talk Spot

Verbal acknowledgment from stage
